ATTACHMENT A

CENTRALIZED TREATMENT SYSTEM

The Taney County Regional Sewer District requires all treatment facilities to be designed according to 10CSR 20-8 (code of State Regulations design guidelines). All new plants must also incorporate the following:

- Tertiary Sand Filters ahead of the discharge point
- Phosphorus removal with a 0.5 mg/l limit
- Ultraviolet disinfection
- Battery back-up telemetry or audio/visual alarm system
- Discharge point shall be located at least 200 feet from the flowage easement of any surface body of water

** Prior to submittal of proposed project to the Taney County Regional Sewer District Board for approval one copy of Sanitary Sewer plans must be submitted to staff for preliminary review no later than fourteen (14) days prior to the regularly schedule Board meeting.

** Preliminary plat or accurate site plan must accompany sewer plans submitted to the Taney County Regional Sewer District office for review.

** Before final approval can be given by the Taney County Regional Sewer District Board of Trustees on any centralized treatment system with a flow rate estimated to be at 3000 gpd or more or that is proposing to openly discharge the effluent into the environment, the applicant must first show proof that said plans have been approved through the Missouri Department of Natural Resources.

ATTACHMENT B

ON-SITE INDIVIDUAL SEWAGE SYSTEM

The following information must be submitted for new subdivisions of fourteen (14) lots or less:

- Proposed total number of lots to be created
- Average lot size on proposed lots to be created
- Type of structure proposed. (single/multi family, condo, or commercial)
- Number of acres in parcel proposed to be subdivided
- Preliminary plat or accurate site plan of proposed subdivision
- Soil surveys performed in areas designated by Sewer District officials
- Description of water supply. (individual well, private community well, or water district)

The Taney County Regional Sewer District requires a Central Treatment System for new subdivisions of fifteen (15) lots or more unless a variance is granted by the Board of Trustees.

Note: Minimum lot size is:
Two (2) acres

* Application must be submitted ten (10) days prior to regularly scheduled Board meeting.
